Please invite your friends

CHURCH BOILER: We would like to form a team
of at least 8 men who would be prepared to light
and stoke the boiler once every 2 months in the
winter months on a Saturday afternoon/evening. It
would entail helping about three times during the
winter months.

Please let the Rector know if you can help.
Instructions will be given.

Parish Magazine Aug/Sep 1980

Don't worry, we have not gone back to the days of coal fired
boilers! This was a plea for help in the Hartshorne Church
Magazine from 35 years ago and we need your help again now.

You will probably have noticed that the heater in the north
aisle has not been working for several months. It is beyond
repair so we need to replace it with a new more efficient
model at a cost of approximately £1600. If you would like to
contribute to the cost of a new heater, donations can be
placed in an envelope marked "HEATER" in the collection.
Thank you very much for your understanding and support.
