

Hello everyone

This is a strange situation we are in. We are facing an unknown future and we are all trying to understand what is happening.

This may be causing anxiety and confusion and unfortunately there is no simple explanation. We just need to continue to trust God and wait on him.

I am hoping that we can send out email updates on a regular basis - similar to our weekly news sheets so that we can all stay in contact and pray for each other. If you want to pass on any news then please let me know and I can pass it on.

Today I want to share with you a service of morning prayer that you can use at home along with some daily Bible readings for the next month, some hymn words and some prayers. These come from the more traditional Anglican side of the Church, hopefully we can find some different varieties of prayer soon.

We continue to update our Facebook page and Matt has set up a You Tube channel where we can upload prayers and sermons for you all to listen to (you can't get off that easily!). If you don't know where to find these follow the links below.

These emails will be sent to everyone that has given permission for me to access their email address. If you know anyone who would like this email but doesn't yet receive it, please get them to send their details with an email requesting that we send them our email updates. Equally if you know of anyone who doesn't have access to emails and would like a printed copy then please get their permission (by having them sign the attached GDPR form) and I will deliver a weekly update with resources for bible study and prayer.

Finally, keep yourselves safe and well follow the Government advice by washing your hands frequently, not touching your face and using a tissue when you cough or sneeze (for more information see the NHS link below).

God be with you all

Stella
