

Hello Everyone

It was good to meet up with some of you at our 'after church' coffee session last week and to hear how you are and what you have been doing over the last few weeks. Whilst some activities are beginning to re-start, it looks like it will be a while yet before we can meet as a fellowship in church.

That being said, it is clear that groups of up to six people can now meet in outdoor areas, including gardens so this makes it possible for small groups to meet together as long as they are outside and social distancing measures are observed. If you would like to meet up with others in our fellowship in this way then I encourage you to do so.

If you are shielding and you live alone, you are now able to meet one other person outside. If you would like to invite someone else to meet in your garden but don't have any contact numbers then please call me (07802963817) and I can arrange for someone to come and meet with you.

In all of these situations, please make sure you keep up to date with the government's advice on what you can and can't do.

Coronavirus outbreak FAQs: what you can and can't do

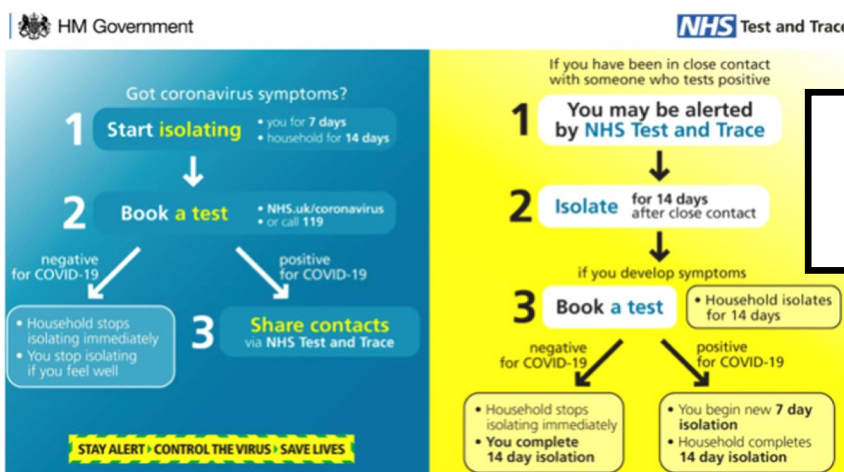

With the launch of the NHS Test and Trace service, it is likely that fraudsters may try to exploit this service by posing as contact tracers. The Diocese has sent through some basic information to help combat this.

The key advice is that NHS contact tracers will NEVER ask you to:

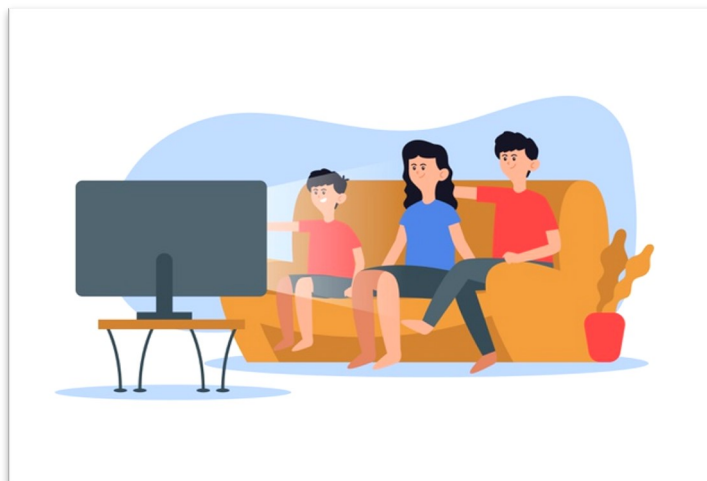

- dial a premium rate number to speak to them (e.g. those starting 09 or 087)
- make any form of payment
- purchase a product or any kind
- give bank account details
- give social media identities or login details, or those of contacts
- supply any passwords or PINs, or set up any passwords or PINs over the phone
- disclose any of your personal or medical information to your contacts
- download any software to your PC
- hand over control of your PC, smartphone or tablet to anyone
- access any website that does not belong to the government or NHS

As we continue to live through these most strange and difficult of times, I am encouraged by the way we are supporting each other and learning to live and worship in different ways. Please let me know if you have any ideas for additional support or encouragement we can give to each other, any new ways to worship, to pray or to study God's word together. Perhaps you have seen things elsewhere that you think might work for us or maybe you have just had some inspiration or some random idea. Let's look at new ways we can be church together.

Finally, going forward I am intending to deliver these newsletters to those without email, if you know someone who would like a copy or you are able to deliver one or two, please let me know.

Stay Safe

God Bless

Stella
