

St Peter's^{Hartshorne}

Hello everyone

I don't know if you saw the piece on the BBC Facebook page about the way that Gareth Southgate has brought in a number of non-footballers as advisors for the England team. The idea being that people with different perspectives can bring different ideas and it has resulted in new creative ways of making decisions. Reading this raises the question of who do we consult when we make decisions about the future of our churches as we move out of COVID restrictions. Will we stay within our family or will we talk to those in our community that may have a different perspective? Perhaps we need to take a wider view and consider who is left out, who church doesn't touch or feed or help or inspire and then talk to them, ask them what they might think, what they might need and how we might support them.

As we start to rebuild, let's be perhaps a little more radical in our thinking.

God Bless

Stella

A prayer for the anniversary of the NHS

God of healing and compassion,
we thank you for the establishment of the National Health Service,
and for the dedication of all who work in it:
give skill, sympathy and resilience
to all who care for the sick,
and your wisdom to those engaged in medical research.
Strengthen all in their vocation through your Spirit,
that through their work many will be restored to health and strength;
through Jesus Christ our Lord.
Amen.
